SUMMARY

Python Full Stack Developer Fresher with a strong foundation in Python, Django, HTML, CSS, JavaScript, Bootstrap, MySQL, and Git. Passionate about developing responsive, user-friendly web applications and continuously learning new technologies to enhance technical skills. Seeking an opportunity to begin my career as a Software Developer and contribute effectively to the success of a dynamic organization.

TECHNICAL SKILLS

Programming languages	Frontend	Backend	Database	Tools
• Python • SQL • JavaScripts	• HTML5 • CSS3 • Bootstrap • React.js • Material UI	• Django • REST API	• MySQL	• Git • GitHub • VS Code

CERTIFICATION

- Python Full Stack Development
- Microsoft Office Fundamentals
- Cisco Networking Essentials

PROJECTS

- Smart Agriculture Monitoring System**
- Built a Full Stack Smart Agriculture Monitoring System using React.js, Django REST Framework, and MySQL.
 - Implemented JWT Authentication with secure Login, Registration, and Protected Routes.
 - Developed Farmer Profile and Farm Management modules with GPS location support.
 - Created a real-time dashboard for monitoring sensor data and irrigation status.
 - Integrated REST APIs and designed scalable backend architecture using Django.
 - Prepared the application for ESP32 and LoRa-based IoT integration.

Academic Project

- Developed an IoT-based Smart Agriculture Management System to monitor
- Implemented automated irrigation based on sensor data to optimize water usage.
- Integrated IoT sensors for accurate environmental data collection and monitoring.
- Improved farming efficiency by enabling real-time monitoring and reducing manual intervention.
- Demonstrated knowledge of IoT, embedded systems, sensor integration, and smart automation.

EDUCATION

B.E. Electronics and Communication Engineering
Suguna College of Engineering (Anna University)
2021–2025

ADDITIONAL INFORMATION

- Languages: English, Tamil (conversational)
- Archive: Worked on projects and gained hands-on experience in debugging and fixing errors. Gained hands-on experience in project development, debugging, and error resolution.
 - Interests: Willing to learn and adapt to diverse roles and responsibility and Comfortable working in team
